# WEDDING FLOWERS

Our Floral designer will work with you to sort through the myriad of choices for style, color and flower combinations.

Paying attention to budget is key and we will suggest options to achieve the look you want within your price point.

It's all up to you. We can design any or all of your wedding party floral pieces.

We specialize in executing your vision whether it calls for a unique boutonniere, a traditional corsage, free-form or tightly wound bouquet, we can deliver.

Prices are all determined by the style and type of flowers you select.

# RECEPTION FLOWERS

Reception flowers set the tone for your celebration after the I do's. The natural beauty of the Estate grounds can compliment both casual & formal floral choices.

Whether your reception is on the Manor House lawn, in the event venue or under the portico, our designer can suggest many options within your budget to enhance all locations.

We offer several choices of vessels for your guest table arrangements. If you have your heart set on fresh flowers on your wedding cake, we can accommodate that request as well.
